UC COOPERATIVE EXTENSION and UC DAVIS

Rice Weed Course 2016

Friday, September 16, 2016

Hamilton Road Field (on West Hamilton Rd. between Hwy. 99 and Riceton Hwy.)
and Rice Experiment Station, Biggs, CA

Find out what the current weed science research is on rice. This one-day course will include training on:

- 1) emerging weed problems, such as red rice and winged primrose willow;
- 2) planning an herbicide program for susceptible and herbicide-resistant weeds;
- 3) hands-on early weed identification;
- 4) field component on new and standard herbicide programs.

Participants will tour the rice weed science research plots on West Hamilton Road then head to the Rice Experiment Station for the remaining part of the program. Be sure to **bring your rubber boots** for the field tour.

2016 Rice Yield Contest
Author: Bruce Linqvist

*****DEADLINE EXTENDED*****

Do you think you have a good looking field of rice? Do you wonder how it might stack up against other fields? Well then join the 2016 UCCE Rice Yield Contest. This year we are expanding Yield Contest from Butte County to the whole Sacramento Valley. We have divided the valley into four regions (using Hwy 20 and the Sacramento River – see rules for more details) so you are competing with growers in the same general area.

To join you must fill out the entry form (<http://rice.ucanr.edu/files/239588.pdf>) and send it back to us as soon as possible. Please make sure you read the rules

(<http://rice.ucanr.edu/files/239587.pdf>) before entering the contest. If you have questions please feel free to give us a call.

If you want to find out about last year's winners, go [here](#).
